Iron Cross Fold with Accordion Insert

This bright, colorful design by Allison Wilton for Nick Cave catches the eye and is highly engaging with a tactile appeal. The folds are intriguing and invite the recipient to interact with the piece. This is a step up from your average informational brochure. Don't have the budget for such an elaborate piece? Consider using the vivid colors against stark white on a more traditional fold and you will still have an attention getter.

Mini-Table Tent with Wire-O® Attachment

This great little piece is worth keeping. Consider making the attachment a calendar, or a series of inspirational quotes that your customer will want to keep on their desk. You can apply this format to virtually any information or imaging that is appropriate to your product or service. For example, if you are a dog groomer, you may want to have a several cute dog images, with an explanation of the service offered on each flap.

Informational Brochure with Graduating Pages

Graduating pages are an economical way to add interest to any piece. Staggered reveal pages spark curiosity and draw the reader in. This piece incorporates rich black and gray hues combined with a High Gloss Spot Coat that lends to the brochure's sophistication. We can help you get this sleek, sophisticated look at a very reasonable cost. Reference ID: 659962

Pop-Up Business Card, Postcard, or Brochure

Give your marketing efforts a boost with 3-d effects on your materials. Pop-up pieces become points of conversation in their own right and get people involved in your product or service right away. You can pop-up a person, as seen here, so that they become a self-standing card, or you can pop up any object. For example, a real estate agent may want the "FOR SALE" sign in the yard on the postcard image to pop-up. Apply this creative technique to your own business model. Reference ID: 478379
